## Sound of Sons 2.0

## Discussion Questions

1. How have you entertained voodoo sounds instead of the sounds of the Father?
2. Nancy shares thoughts from Oswald Chambers that to agree with God and to say what the Father says is going to sound very prideful before men. 3. Ask Holy Spirit to open your ears. What do you continuously say that goes against the truth of what He has accomplished?
4. What is the Father saying to you today?
