## The Restoration 5.0

## Discussion Questions

1. How can we cultivate a deeper level of repentance as described in 2 Corinthians 7:9-10, moving beyond human sorrow to a 'grief that God means for us to experience'?
2. How can we better align ourselves with God's plan for restoration instead of pursuing our own ideas and desires?
3. What is the significance of understanding our life as Zoe life, the life of God himself, rather than natural or soulish life? How should this transform our daily lives?
