Discussion Questions

1. Think on your answers to the questions asked in the episode. Reflect on what surfaced as Nancy spoke. What resistance or resonance did you notice?

2. How have you seen creature worship show up in subtle ways—perhaps even in religious settings? Consider where you've looked to people as your source instead of the Father.

3. Are you mistaking morality for maturity? Has your version of "good" been rooted in self-effort rather than full dependency on Christ?
