EPISODE #1148

Wolves in God's House

Discussion Questions

1. Are you leading people to Christ or drawing them to yourself? Whether you carry a formal leadership responsibility or simply influence those around you, are you encouraging others to develop a living relationship with Jesus Christ, or have you unintentionally created dependence upon your own guidance, personality, or approval? How does Paul's warning in Acts 20 challenge the way you steward relationships?

2. Are you discerning the difference between true shepherding and spiritual manipulation? Have you encountered situations where spiritual authority, emotional pressure, or personal ambition were used to influence people's decisions? How can you recognize these patterns while remaining faithful to the Father's heart for His people and allowing His judgment to work within your own life first?

3. Are you living in pure devotion to Jesus Christ? Has your relationship with the Father become entangled with loyalty to a leader, ministry, denomination, or religious system? What might Holy Spirit be exposing or confronting so that your allegiance is restored fully to Christ, allowing you to stand faithfully and move with Him regardless of what lies ahead?
